Course Description:

This course is designed to provide the law enforcement officer with a thorough training background in the operation of the DataMaster DMT. The course is divided into two phases: a classroom lecture phase and hands- on training for the

operation of the DataMaster DMT. The classroom lecture covers the current laws in South Carolina regarding DUI, Felony DUI, Implied Consent, Videotaping, and other related alcohol offenses. The history of breath testing in South Carolina and across the nation is discussed. The operation of the DataMaster DMT is reviewed and the students are taken, step by step, through the DataMaster DMT operational steps. The hands-on phase of the course consists of students operating the DataMaster DMT in the lab and includes various testing modes, how to handle refusals, the cause and meaning of incomplete tests, the meaning of status codes, and the changing of the DataMaster DMT simulator solution.

Who should attend: (Class Max 20) Officers involved with traffic enforcement and regular patrol duties.

Proficiency: Attendees must successfully pass both the written test with a 70% as well as pass a proficiency test.

DRE Instructor School (16 CLEE Credit Hours) Class Fee: \$20	October 30-31, 2024 February 27-28, 2025	CJA 20 CJA 20

Course Description:

The purpose of the condensed DRE Instructor School is to prepare Drug Recognition Experts (DREs) who have shown great aptitude as a DRE during their tenure and have successfully completed the NHTSA DUI/SFST Instructor course to administer and instruct DRE training effectively. DRE Instructors must apply for the Instructor School and are only accepted after thorough review and approval by the South Carolina DRE State Coordinator. Simply meeting the prerequisites and proper application does not guarantee the ability to attend this course. DRE Instructor Candidates must uphold the highest professional standards and ethics and must also possess the proper personality and character

traits to perform in this role.

DRE Instructor Candidates and their respective agencies should be aware that DRE Instructor School is just step 1 of 3 to complete DRE Instructor Certification. DRE Instructor Candidates must also be available for the immediately following Combined DRE Pre-School & School, as well as the Field Certification Phase of training associated with the school in which they instruct.

LODGING IS AVAILABLE FOR THIS CLASS.

Who should apply: (Class Max 20) Active Class 1 certified officers who are heavily involved in the South Carolina DRE Program and are involved with traffic enforcement and/or regular patrol duties.

Prerequisites: SC Certified Class 1 Law Enforcement Officer. Must be employed in a full-time capacity. Must be a certified DRE in good standing for at least two years and have SSI and/or BID Instructor. Must be a current DUI/SFST Instructor.

DRE Pre & 7-day Schools (80 CLEE Credit Hours) Class Fee: \$140	November 4-15, 2024 March 3-14, 2025	CJA 20 CJA 20

NOTE: Field Certifications: For Oct/Nov class: Field Certification held Dec 4-9, 2023
For March class: Field Certification held April 8-12, 2024

Course Description:

This course is designed for law enforcement officers who have a strong commitment to DUI and drug impaired driving enforcement and whose agencies are also committed to this cause. This course is available only to those who have successfully completed Advanced Roadside Impaired Driving Enforcement (ARIDE) training and are selected by the DRE State Coordinator after making an application.

After successfully completing the classroom portion of this course, the student will be ready to continue to the final phases of the DRE Certification Program. The student will be able to name the seven categories of drugs and recognize the effects of each, to describe and proficiently administer the 12-step drug influence evaluation, to document the results of the drug influence evaluation in narrative format, to properly interpret the results of the drug influence evaluation, to testify as an expert witness in drug influence-related cases, and to maintain an updated curriculum vitae. The student must attend all portions of the training, maintain an 80% average or better on the quizzes, pass two examinations with a score of 80% or better; and successfully complete the Field Certification phase of the course.

A candidate scoring less than 80% on the final examination may, if utilized by the state, be retested one time, under the supervision of a certified DRE instructor. The retest shall be completed not less than 15 or more than 30 days following the completion of the classroom training. If the candidate was originally given Test Form A, they should receive Test Form B for the retest.

To be certified as a DRE, the student must also complete the field certification phase of training as well as the Certification Knowledge Examination. The field certification phase of training requires that the student travel with the South Carolina DRE Program, likely out of state; and successfully complete 12 hands-on drug influence evaluations and associated narratives.

LODGING IS AVAILABLE FOR ALL ATTENDEES OF THIS CLASS

Who should attend: (Class Max 20) Class I law enforcement officers with a passion for DUI/traffic enforcement, and whose agencies/prosecuting bodies firmly support the utilization of the DRE Program.

Prerequisites: Full-time, active SC Class I law enforcement officers in good standing with their agencies. Attendees must be currently certified as NHTSA DUI/SFST Practitioners or equivalent for at least 2 years. Attendees must attend and complete ARIDE prior to being considered for enrollment in this course. For consideration for enrollment, the prospective attendee must have completed a DRE School Application and be approved directly by the DRE State Coordinator. Attendees must have the blessing of their employing agency and must also be available to attend the field certification training phase associated with the DRE School.

Course Description:

Subjects who are threatening to commit suicide or subjects actively involved in the hostage-taking of an innocent

victim(s) present a very challenging, highly emotional, and life-threatening dilemma to law enforcement entities. Law enforcement hostage/crisis negotiations are based on a set of fundamentals, concepts, and skills that are designed to address and communicate with individuals in crisis. The most important goal in all law enforcement hostage/crisis negotiations is to save lives. This is done by working to achieve a non-violent resolution through communication. The skills utilized in this endeavor are designed to enhance active listening, express empathy, build rapport, and then influence the actions and behaviors of the individual in crisis. The purpose of this class is to provide agencies with officers that are taught the advanced skills needed to address subjects involved in a suicidal crisis situation or subjects(s) involved in the hostage-taking of innocent victims.

Students will learn how to manage these highly emotional and dangerous situations. Students will learn how to assess all factors relating to the logistics of these situations as well as the subject(s) motivation and behavior. Students will learn the skills necessary to communicate with the subject(s) involved in these situations. The skills utilized in this endeavor are designed to enhance active listening, express empathy, build rapport, and then to influence the actions and behaviors of the individual in crisis.

Resources Required:

This course includes practical applications for various types of crisis situations and is designed to provide a realistic practical experience for the student. As such, it may require participation in extended training hours and will necessitate involvement in highly charged and potentially stressful scenarios.

Proficiency/Credits:

Students will be administered a Final Examination consisting of 25 questions. Students must show proficiency by obtaining a score of at least 80%.

Reporting Instructions:
Please report promptly to SCCJA at 8:00AM.

Who Should Attend: (Class Max - 15)

Prerequisite:

Class I and II officers with at least 5 years' experience unless assigned to a specialized unit.

Officers assigned to positions where they may be tasked with response to a crisis incident and engage in an ongoing negotiation. This is an advanced, and highly specialized skill, that is taught during this training class. Agencies should choose candidates based on years of service and events that have shown these officers to possess excellent crisis solving skills.

Upon successful completion of the written test (80% Passing Score). The student will then be required to submit to a SMD road proficiency test, which must be completed and submitted by the last day of the fourth week (28 Calendar Days) after the written test. The student will be required all planned modes of enforcement operation on the submitted proficiency. If Radar is utilized, the minimum requirement is forward stationary and moving modes. The student must be accurate within and average of +/- 3 MPH in all attempted modes of SMD Operation. Upon successful completion of all course requirements, the student will be certified to operate Police Traffic Speed Measuring Devices.

LODGING IS AVAILABLE FOR THIS CLASS WHEN HELD AT THE SCCJA. FOR CLASSES HELD IN THE FIELD, THE STUDENT’S AGENCY IS RESPONSIBLE FOR LODGING AND MEALS.

Who Should Attend: (Class Max 12) Officers involved with traffic enforcement and regular patrol duties.

Prerequisites: SC Certified Class 1 Law Enforcement Officer or active SC Reserve Law Enforcement Officer.

Speed Measuring Device (SMD) Operator Recertification (5 CLEE Credit Hours)	May 1 - October 31, 2024 (10/31/2024 Expiration) May 1, 2025 - October 31, 2025 (10/31/2025 Expiration)	Online/Unlimited Online/Unlimited

Course Description:

Online courses will open after May 1st. The SMD Operator Recertification Course is intended for officers who are currently (not expired) SMD Operator certified and whose operator certification expires October 31st of the current year.

The course content is designed to refresh the operator's knowledge and skills learned during the operator course. Upon successful completion of the instructional portion and written test (80% Passing Score), the student will be required to complete and submit a SMD road proficiency test within two weeks (14 Calendar Days) of their written test date.

The SMD road proficiency test submitted must contain all modes utilized by the Operator in enforcement, at a minimum the Operator must complete sections for forward stationary and moving modes. Successful completion and submission of the road proficiency test within the two-week deadline is required in order to maintain SMD Operator certification.

Failure to properly recertify will result in immediate revocation of your operator certification, and you will need to retake the operator certification course. Officers are allowed one attempt at the recertification. A failure of the first attempt written test or failure to pass or submit the proficiency test within 14 calendar days will require the officer to attend the SMD Operator course to regain certification.

Who should attend: Officers that possess an active and current SMD Operator Certification that are in their third year of the certification and expiring.

Prerequisites: SC Certified Class 1 Law Enforcement Officer or active SC Reserve Law Enforcement Officer with Current (not expired) SMD Operator certificate

COURSE	DATES	LOCATION/SEATS
TCI-Advanced Collision Investigation 24 hours – 3 days (24 CLEE Credit Hours)	October 15-17, 2024 December 10-12, 2024	Hartsville PD 25 Gaffney PD 25
	OTHERS TBA IN FIELD	

Course Description:

This course is designed to bridge the gap between collision investigation techniques learned in basic law enforcement training and those learned in the collision investigation series. In this course, the student will learn how to correctly respond to, secure, photograph, and document the scene of a serious traffic collision. The student will also learn methods to document and calculate the drag factor, grade, and super-elevation of the roadway and conduct basic speed estimates. This course is not required as a prerequisite for completing Phase I- At Scene Collision Investigation.

FOR CLASSES HELD IN THE FIELD, THE STUDENT’S AGENCY IS RESPONSIBLE FOR LODGING AND MEALS.

Who should attend: (Class Max:20)

Class 1 Officers involved with traffic enforcement and regular patrol duties.

Prerequisites: Certified full-time Class 1 law enforcement officers

Officer is responsible for bringing own special equipment: notebook for notetaking, scratch paper for practice calculations, pencil.

TCI-Advanced Reconstruction Refresher (8 CLEE Credit Hours) Class Fee: \$5	September 25, 2024 March 5, 2025 May 14, 2025	CJA 12 CJA 12 CJA 12

Course Description:

This course is designed to update officers who have already attended both the Pedestrian-Bicycle Collision Investigation and Motorcycle Collision Investigation courses. The course will refresh methodologies taught in each respective course as well as to update those officers who have attended in the past in the usage of new or updated formulae. The course covers topics such as pedestrian trajectories, the pedestrian-bicycle-motorcycle crash sequences, and calculating impact speeds using the Appel, Barzeley & Lacy, Bratten, Fugger & Randles, Limpert, Searle, Horizontal Speed Loss, Toor, Motorcyclist Vault, Wheelbase Deformation, and Wheelbase Deformation and Vehicle crush formulas.

Who should attend: (Class Max: 14)

Class 1 Officers involved with traffic enforcement and regular patrol duties

Prerequisites: Successful completion of both TCI- Pedestrian-Bicycle Collision Investigation and Motorcycle Collision Investigation.

Officer is Responsible for bringing own special equipment: scientific calculator, pencil, scratch paper for calculations

COURSE	DATES	LOCATION/SEATS
TCI - Phase I At Scene Collision Investigation (80 CLEE Credit Hours) Class Fee: \$140	September 9-20, 2024 January 13-24, 2025	CJA 12 CJA 12

Course Description:

This is the first course in the collision investigation series. This course is designed for police officers who collect and record data at the scenes of motor vehicle collisions. In this course the student will learn how to identify and preserve physical evidence from the traffic way and evidence from the vehicle, how to properly measure and complete a scale diagram, and how to calculate speed estimates from evidence located at the collision scene.

LODGING IS AVAILABLE FOR THIS CLASS WHEN HELD AT THE SCCJA. FOR CLASSES HELD IN THE FIELD, THE STUDENT’S AGENCY IS RESPONSIBLE FOR LODGING AND MEALS.

Who should attend: (Class Max: 20)

Class 1 Officers involved with traffic enforcement and regular patrol duties.

Prerequisites: SC Certified Class 1 Law Enforcement Officer.

Officer is responsible for bringing own special equipment: drafting eraser, colored pencils and a laptop computer that is capable of running Adobe Acrobat PDF.

COURSE	DATES	LOCATION/SEATS
TCI - Phase II	February 17-28, 2025	CJA 14
Technical Collision	April 7-18, 2025	CJA 14
Investigation	June 16-27, 2025	CJA 14
(80 CLEE Credit Hours)		
Class Fee: \$140		

Course Description:

This is the second course in the collision investigation series. In this course the student will learn how to calculate speeds of vehicles involved in collisions using airborne, linear momentum, kinetic energy, and time and distance equations. The student will also learn to use vector diagramming in their investigations. The student must have successfully completed the At Scene Collision Investigation course as a pre-requisite.

LODGING IS AVAILABLE FOR THIS CLASS WHEN HELD AT THE SCCJA. FOR CLASSES HELD IN THE FIELD, THE STUDENT’S AGENCY IS RESPONSIBLE FOR LODGING AND MEALS.

Who should attend: (Class Max:14)

Class 1 Officers involved with traffic enforcement and regular patrol duties.

Prerequisites: SC Certified Class 1 Law Enforcement Officer. Successfully completed: TCI –Phase 1 At-Scene Collision Investigation.

Officer is responsible for bringing own special equipment: scientific calculator, blue blitz, drafting eraser, 360-degree counter-clockwise protractor, colored pencils, and a laptop computer that is capable of running Adobe Acrobat PDF.

TCI - Phase III	August 5-16, 2024	CJA 12
Collision Reconstruction (80 CLEE Credit Hours) Class Fee: \$140	April 28-May 9, 2025	CJA 12

Course Description:

This is the third course in the collision investigation series. This course expands upon knowledge learned in Technical Collision Investigation. Through the use of projects, case studies, and live testing the student will learn more in depth methods to calculate speeds of vehicles involved in collisions using airborne, linear momentum, kinetic energy, and time and distance equations. The student will also learn how to write a collision reconstruction report and prepare for trial as a collision reconstructionist. The student must have successfully completed the Technical Collision Investigation course as a prerequisite.

LODGING IS AVAILABLE FOR THIS CLASS WHEN HELD AT THE SCCJA. FOR CLASSES HELD IN THE FIELD, THE STUDENT’S AGENCY IS RESPONSIBLE FOR LODGING AND MEALS.

Who should attend: (Class Max: 14)

Class 1 Officers involved with traffic enforcement and regular patrol duties.

Prerequisites: SC Certified Class 1 Law Enforcement Officer. Successfully completed: TCI –Phase 1 At-Scene Collision Investigation and TCI – Phase 2 Technical Collision Investigation.

Officer is Responsible for bringing own special equipment: scientific calculator, blue blitz, drafting eraser, 360 degree counter-clockwise protractor, colored pencils, and a laptop computer that is capable of running Adobe Acrobat PDF.

COURSE	DATES	LOCATION/SEATS
TCI-Phase III	September 3-5, 2024	CJA 12
Reconstruction Refresher (24 CLEE Credit Hours) Class Fee: \$35	March 11-13, 2025	CJA 12

Course Description:

The course will refresh methodologies taught in the phase III Reconstruction class, as well as update those officers who have attended in the past in the usage of new or updated formulae and information.

Who should attend: (Class Max: 14)

Class 1 Officers who have completed all three (3) phases of collision investigation classes.

Prerequisites:

- SC Certified Class 1 Law Enforcement Officer.
- Successfully completed the below TCI Classes:
 - TCI –Phase 1 At-Scene Collision Investigation.
 - TCI – Phase 2 Technical Collision Investigation.
 - TCI – Phase 3 Collision Reconstruction.

Officer is Responsible for bringing own Special Equipment: Scientific Calculator, Blue Blitz, Drafting Eraser, 360 Degree Counter-Clockwise Protractor, Colored Pencils, and a laptop computer that is capable of running Adobe Acrobat PDF.

Training Manager Development (21 CLEE Credit Hours) Class Fee: \$35	August 27-29, 2024	CJA 25
	December 10-12, 2024	CJA 25
	March 18-20, 2025	CJA 25
	May 27-29, 2025	CJA 25

Course Description:

The Training Manager Development course is designed to enhance the ability and readiness level of those officers responsible for the daily management of an agency’s training function. It provides a broad overview of the duties of a training manager while giving specific attention to the duties carrying the highest degree of responsibility such as training liability, certification maintenance, scheduling, and budgeting. Other areas of responsibility which are addressed include: completion of mandated paperwork, advanced learning theory, critical thinking skills, copyright law, generational differences, and varied methods of instruction.

Who Should Attend: (Class Max – 25)

This course is designed as a program for sworn Class I and Class II officers whose primary duties involve the management and administration of an agency’s training function. Administrative personnel assigned to the Training function of an agency may also attend this class in an audit capacity if class space permits.

Prerequisites:

Candidates for this class MUST satisfy the following prerequisites to be considered for enrollment.

Candidate’s primary responsibilities must include the management and administration of his/her agency’s training function, i.e., the candidate must be the agency’s designated training officer or a person who is assigned to act on the training officer’s behalf in his/her absence.

Students must have a USB thumb drive to electronically download all forms and manuals.

COURSE	DATES	LOCATION/SEATS
Traffic Safety Officer Conference	TBA August 2025	TBA

Course Description:

The Traffic Safety Officer Conference is for officers to receive additional and up-to-date training in traffic safety related topics. Officers that have successfully completed the required to be designated as a Traffic Safety Officer, Traffic Safety Instructor, or Traffic Collision Reconstructionist will receive their certificate during the conference.

Who Should Attend: Class 1 Officers involved with traffic enforcement, Officers that have received TSO/TSI/TCR certificate or are scheduled to receive their certificate, and officers who are interested in learning more about traffic safety.

Prerequisites to Receive Designation:

TSO: Successful completion of DMT Operator, SMD Operator, SFST/DUI Practitioner, TCI Phase I (At-Scene), TCI Phase II (Technical), and TCI Phase III (Reconstruction).

TSI: All TSO requirements, BID or SSI, SMD Instructor, SFST/DUI Instructor.

TCR: TCI Phase I (At-Scene), TCI Phase II (Technical), TCI Phase III (Reconstruction), Motorcycle Reconstruction, Ped/Bike Reconstruction, and Commercial Motor Vehicle Collision Reconstruction.
